

ORAKEI YACHT CLUB

Treasurers Report 2019

Membership continues to be strong with enthusiastic members, and with several others that continue to support the club with their membership. Membership of what I call “regulars”, is now 28, with 15 to 18 plus attending frequently . . . that is fantastic . . .

The Bank Balance, as at the 30th September 2018 was \$6,915, with \$1,302 in stock of parts and shirts, and \$375 in debtors. This is after funding a spare start machine, engraving, and replacing/updating the Mark throwing rods.

With Greg S now holding a full supply of spares, I now only hold a few, still continue to stock Batteries and Controller Covers. I can recommend Greg S for any repairs needed on your boat.

Some copies of the Accounts are available for your review:

The committee agreed and recommends, the Subscriptions be held for 2019/20 at \$70.00, including wife/partner.

That's all the official stuff . . .

From **My** point of view . . .

“The 2018/2019 year has been another great year for the OYC”, with terrific club racing, and a successful year with the results of OYC members in Open Regattas.

The handicapping has become more difficult, with 9 guys on 10 seconds in the latest schedule. While I try to keep a reasonable spread through the fleet, this I believe is a reflection on the competitive strength of the fleet, with more and more pressing for the top and close on the heels of Greg S. (This was confirmed with 4 of the top 6 at Whitianga being OYC members).

I wish to thank John Macaulay for taking over the Secretary position from me. My health has not been great over the last year, and this has been a great help to me.

I look forward to another terrific year and the continued fun and strength of the OYC, and hopefully getting back to racing regularly.

Greg Paul
